### SUMMARY

Experienced Mobile Developer with over 3 years of expertise in mobile application development, specializing in Java and Kotlin. Proficient in API integration with a strong foundation in these programming languages.

### PROFESSIONAL EXPERIENCE

**Mobile Developer** *Oct 2021 - Present*  
**Nexity Technologies** *Cebu, PH*

- Continuously evaluated and implemented new technologies to maximize development efficiency.
- Played a pivotal role in migrating the Android app to a multiplatform development framework, enhancing cross-platform compatibility and reducing development time and costs.
- Worked on bug fixing and improving application performance, ensuring a seamless user experience.
- Conducted unit tests on code for robustness, including edge cases, usability, and general reliability.

**Android Developer** *Sept 2020 - May 2021*  
**Highly Succeed Inc.** *Cebu, PH*

- Translate designs and wireframes into high-quality code
- Design, build and maintain high performance, reusable, and reliable Java code
- Ensure the best possible performance, quality, and responsiveness of the application

**Software Engineer** *Nov 2019 - Sept 2020*  
**HiPE Inc.** *Cebu, PH*

- Designing and building the website front-end base on project specification
- Ensure the performance, quality, and responsiveness of applications
- Troubleshooting content issues

### ACADEMIC HISTORY

**Bachelor of Science in Information Technology** *2012 - 2019*  
**University of Cebu** *Cebu, PH*

- Completed my degree program with a cumulative GPA of 1.5

### SKILLS

- Proficient in Java and Kotlin
- Android Studio (IDE)
- UI Design using XML
- API Integration (RESTful web services)
- Version Control (Git)
- Database Management (SQLite, Room)
- Mobile App Architecture
- Testing and Debugging
- Performance Optimization
- Dependency Injection (Hilt, Dagger & Koin)
- Ktor (for network requests)
- Compose Multiplatform Mobile
- Cross-Platform Development (KMP)

### SOFT SKILLS

- Proactive
- Clear & effective communication with peers
- Effective time-management
- Mentoring and coaching team members
- Open to feedback
- Attention to detail
